
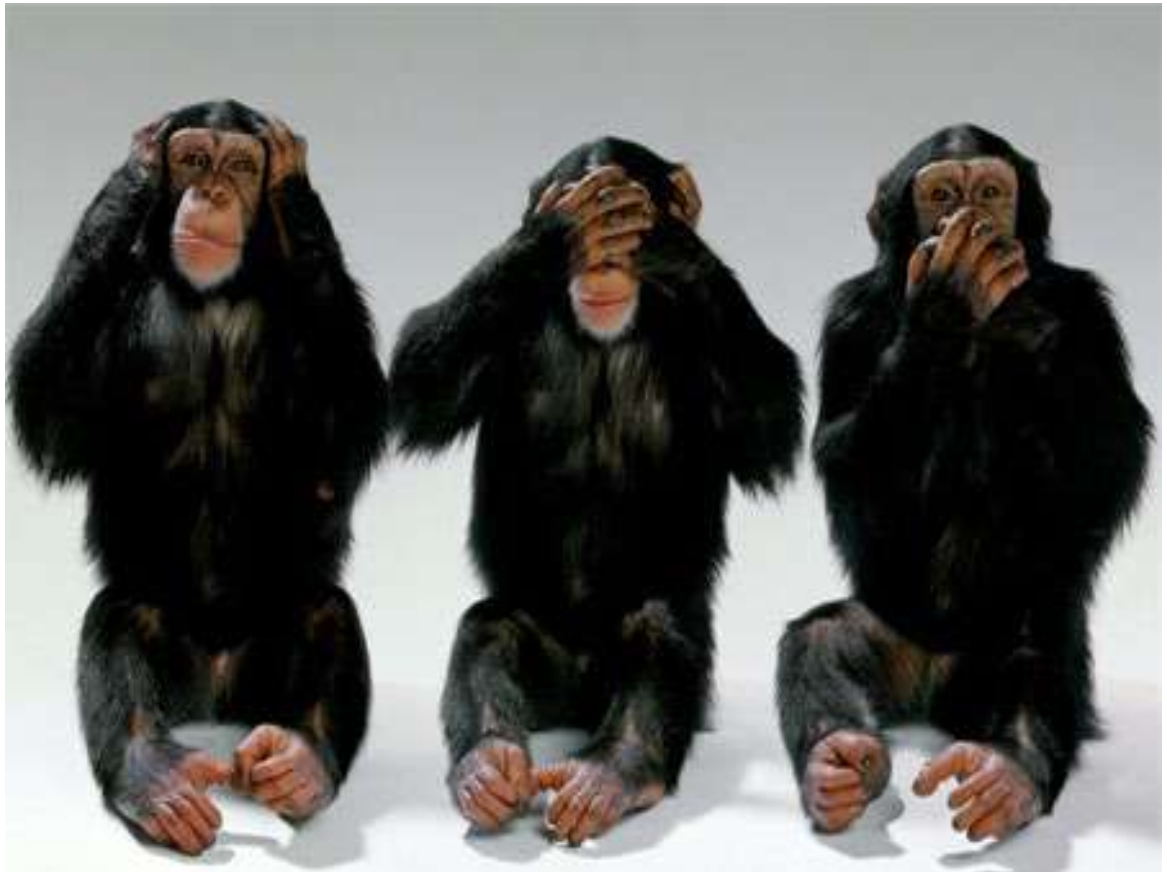
A brief understanding about Social Behaviour Change

IIIT, Delhi

Deepak Mehra



From the beginning of civilization, humanity has been on a quest to discover the most effective ways to change others…….

It's true. 400,000 people
died from cigarettes last year...
...but 40 million are doing just
fine, thank you very much!

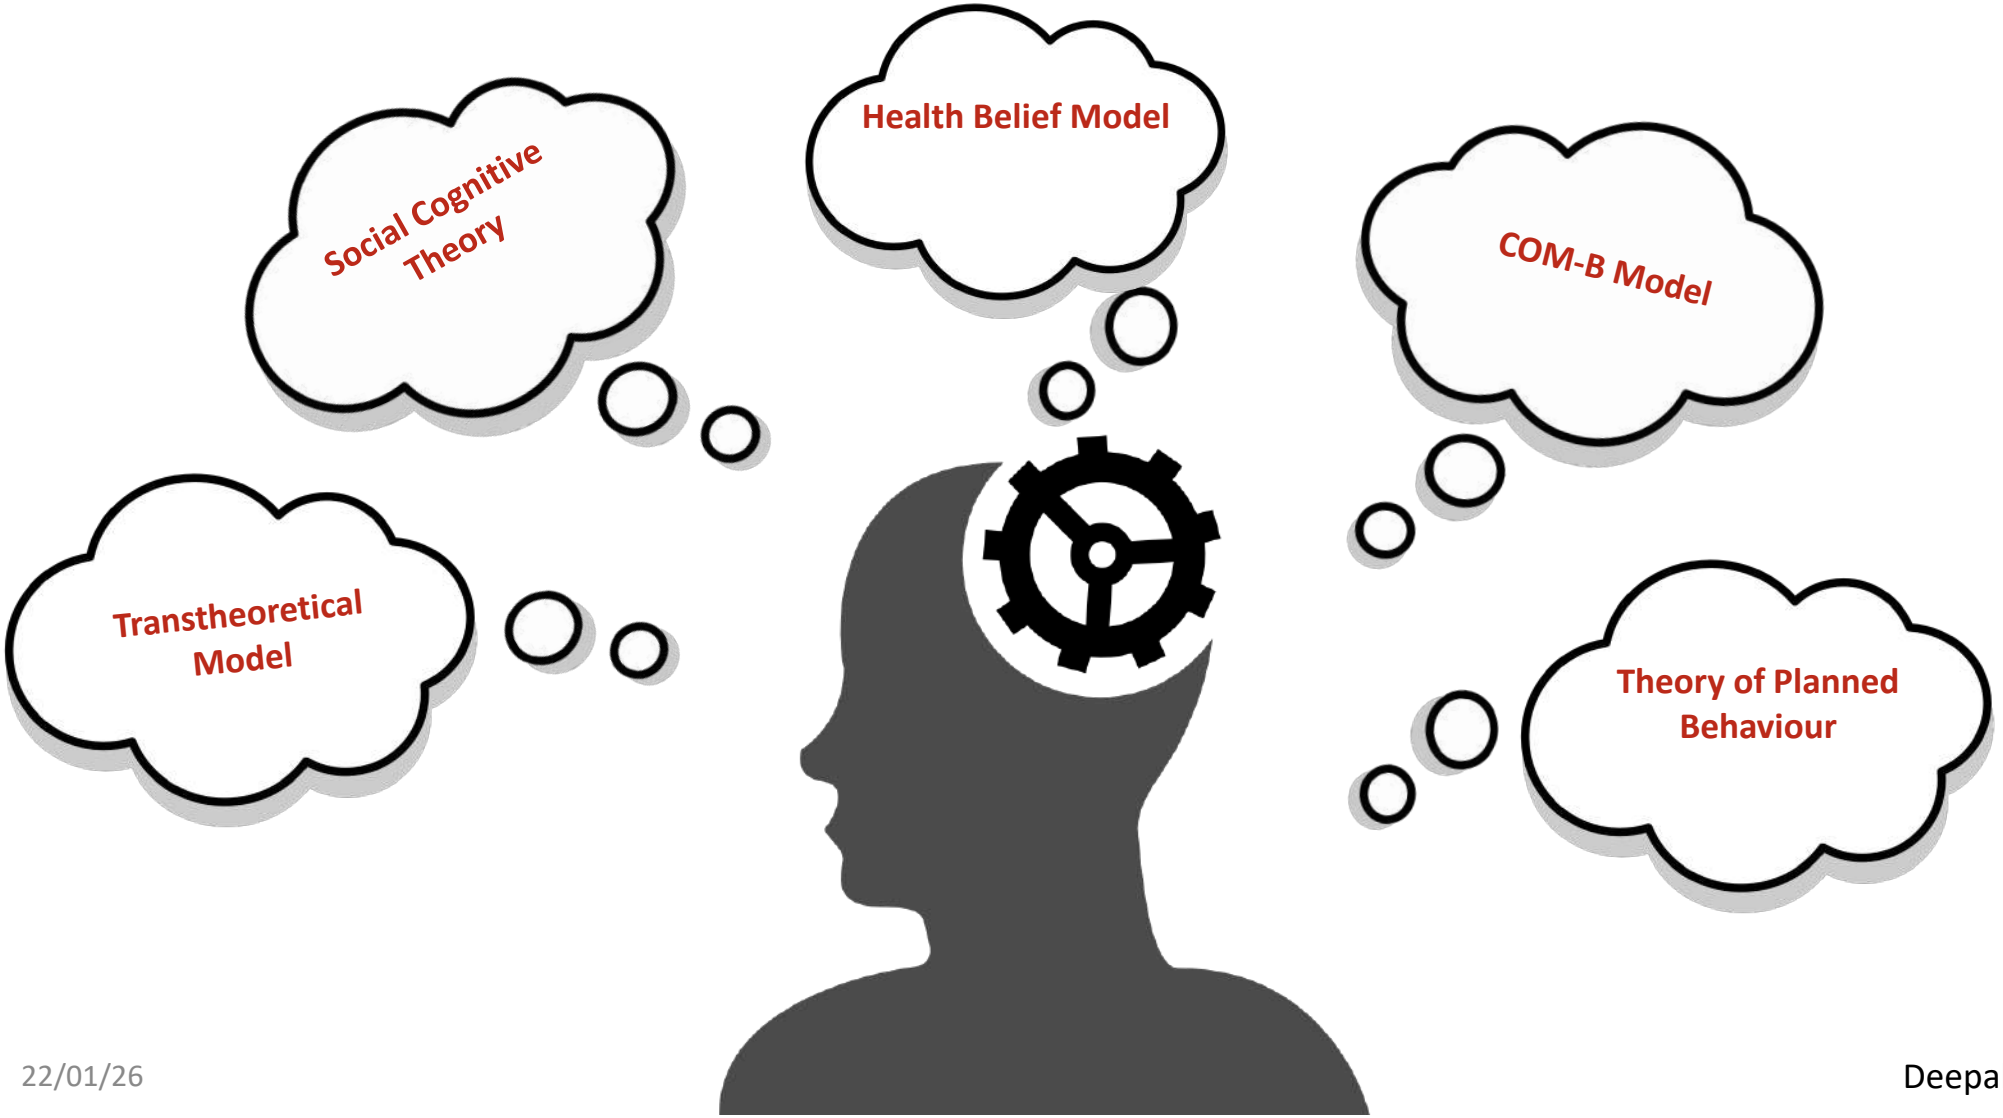
THEORIES & MODELS For Behavior Change

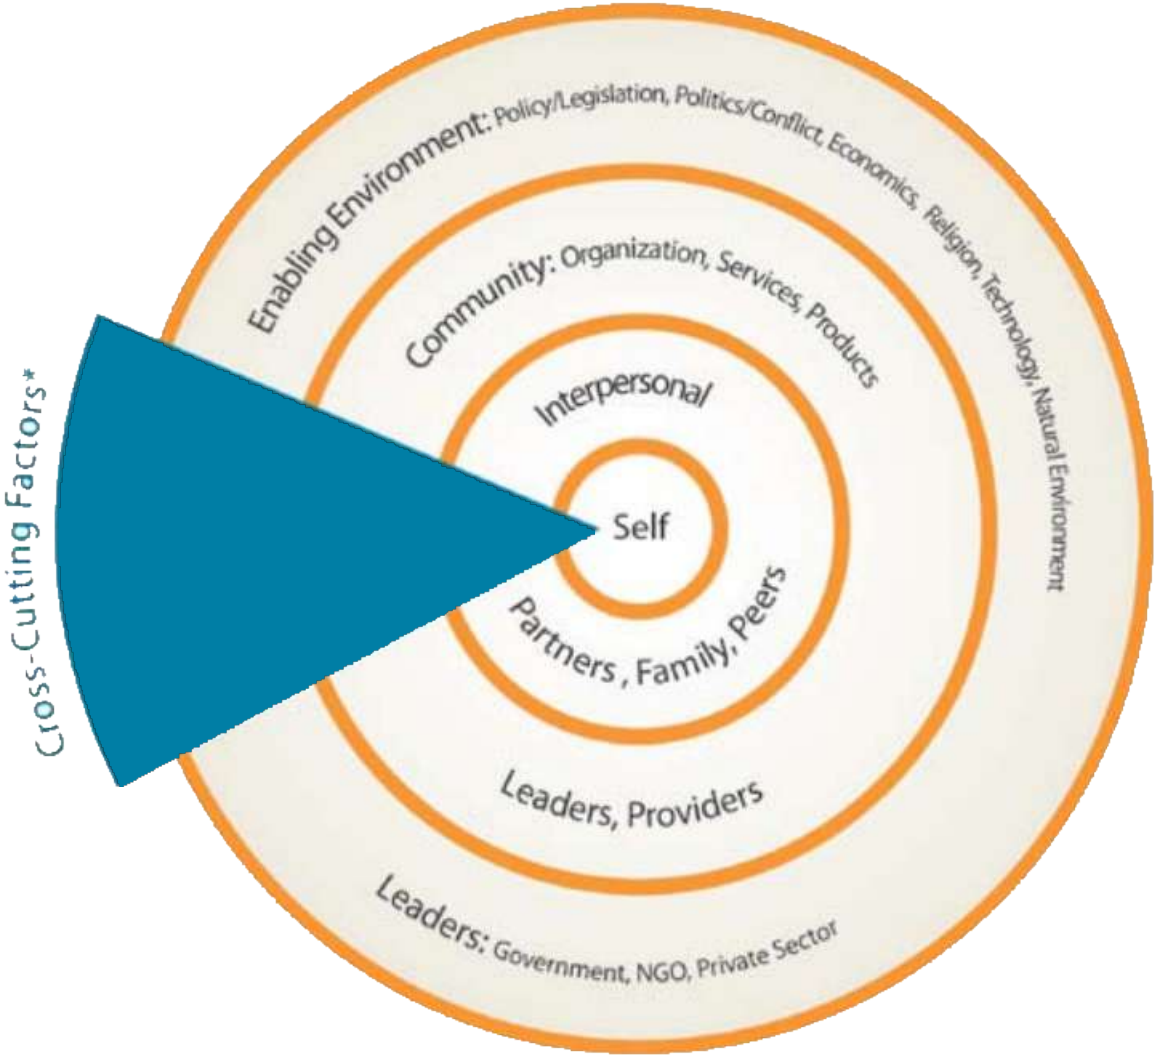


Bridging the gap between belief and behaviour …

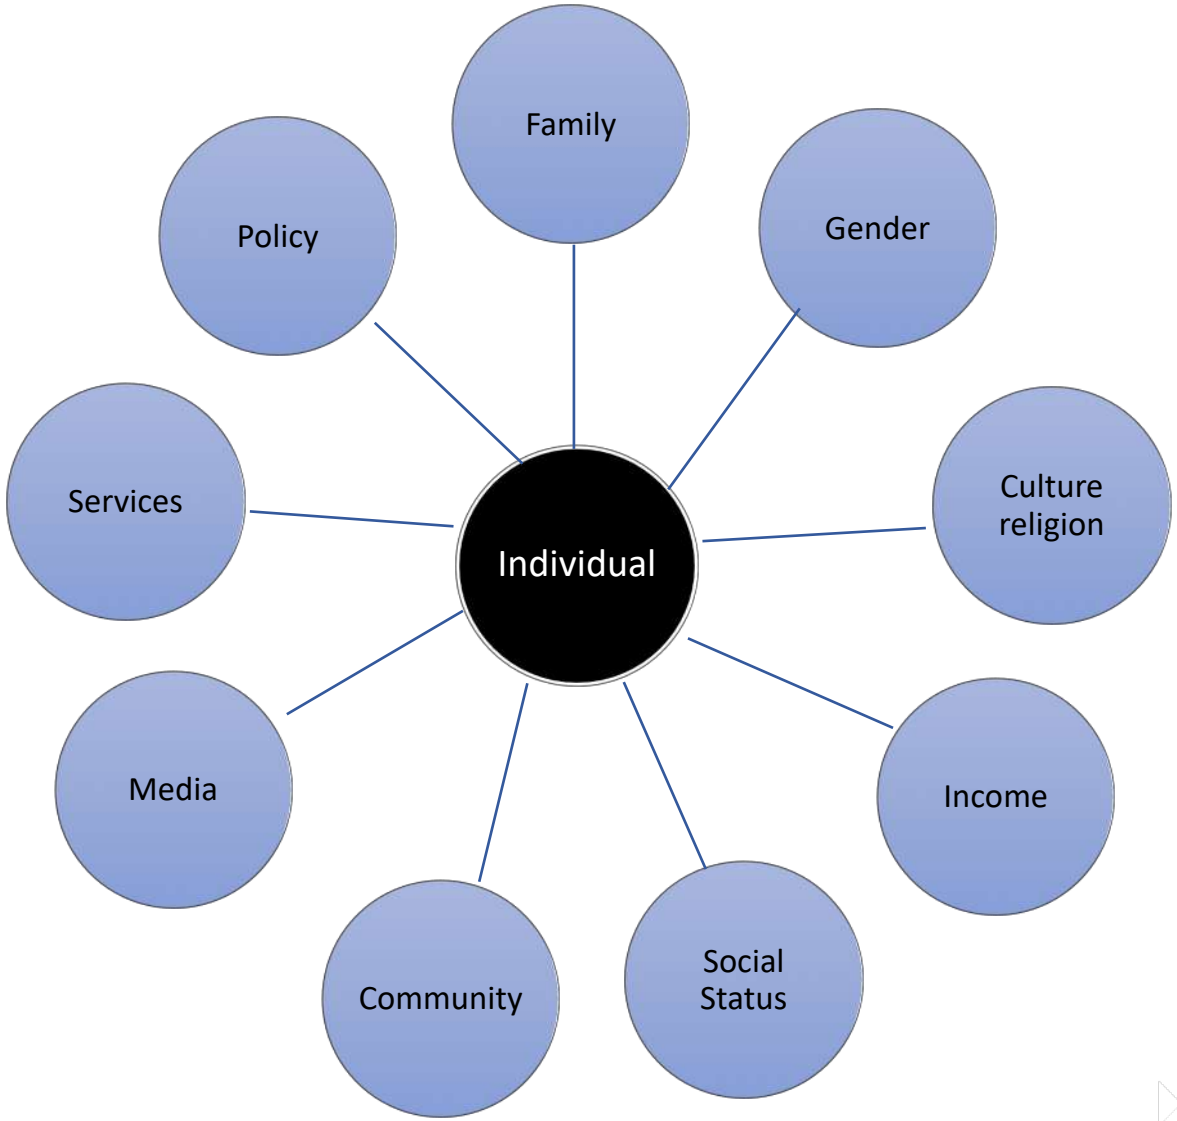
- Intention to perform behaviour
- Skills
- Environment

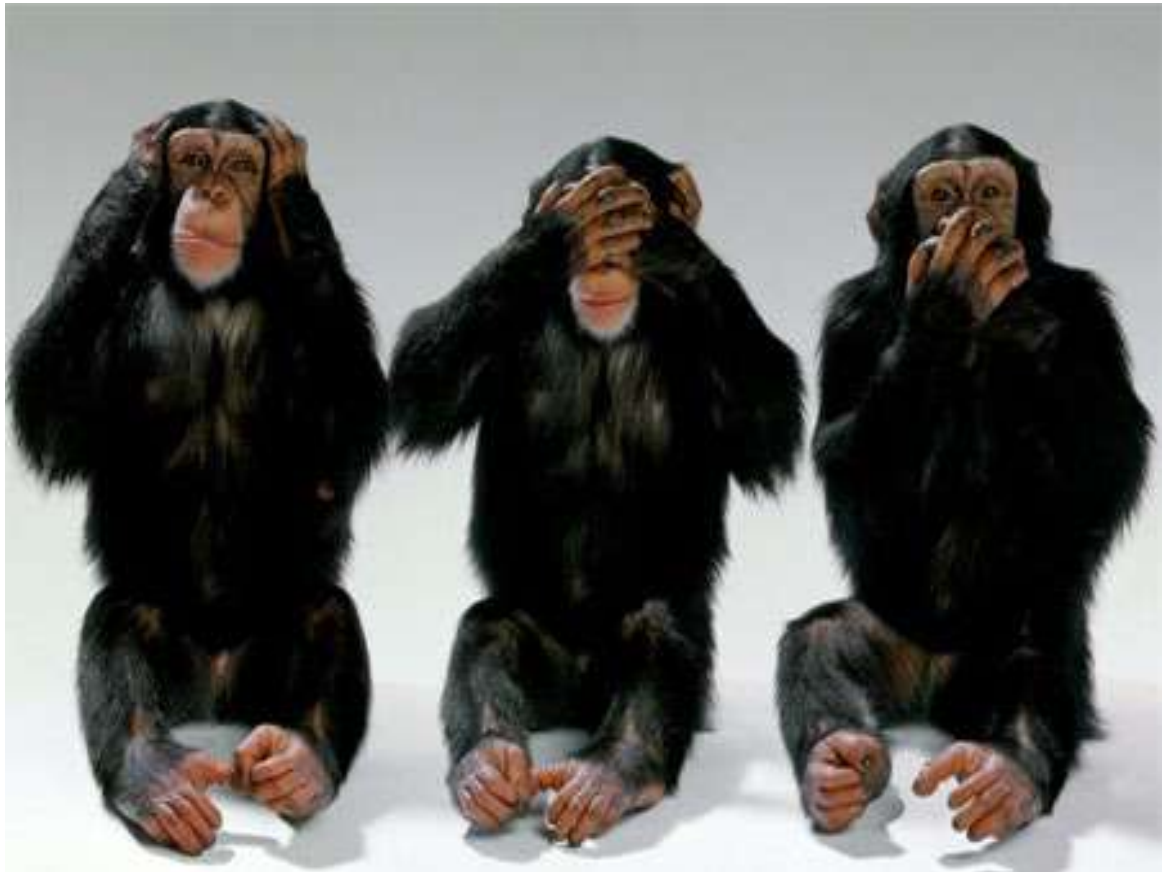
THEORIES

BEHAVIOR CHANGE COMMUNICATION



Awareness to Action





Cultural context is an important key to tailor behavior change content

Key Takeaways

- Behavior Change begins within us
- Its not a linear (or tech driven) process
- Behavior Science tailored to cultural contexts, and supported by appropriate tech, can expedite behavior change.

Thank you!
